Article published on December 23rd 2011 | [Technology](#)

The Blackberry Bold Touch 9900 Contract Deals have become popular from the start. There are obvious reasons. The Blackberry Bold Touch 9900 is enriched with the cutting-edge technology of NFC which enables the consumers to derive services of credit card out of it when they would make any payment. This 130g handset is small and cute. The set has excellently matching display of 256K colors of 2.8 inch TFT capacitive touchscreen. The perfect display in this Smartphone has been made possible through the touchscreen with liquid graphics. Its full QWERTY highly sensitive keyboard is worth mentioning. The users can have an easy and free from hassle access to SMS, MMS, Email, Push Email and IM. Yes, it is a reality, because it comes from the Blackberry and it is Blackberry Bold Touch 9900.

The consumers will definitely go for the Blackberry Bold Touch 9900, because the BlackBerry App World is rich with applications. It is a vast world with provisions for entertainment, music, games, fun, shopping, business and what not. In a word, it is a fabulous platform for the users.

The Blackberry Bold Touch 9900 is powered by 1.2GHz processor, and therefore, the device works faster than ever. The Blackberry OS 7 has great reputation for great performance. The handset has Memory of 768 MB RAM, microSD and its Memory can be expanded up to 32GB. No question should arise on the strength of Memory of the set. Moreover, the handset has been beautifully armed with 5Mega Pixel camera (2592x1944 pixels) plus LED flash. It is easier to shoot a video at 720p HD quality. This allows the users to experience free from dots high resolution images. The Blackberry Bold Touch 9900 is a kind of no-compromise mobile phone with connectivity of 3G (HSDPA 14.4 Mbps, HSUPA 5.76 Mbps) plus GPRS, Bluetooth and Wi-Fi.

Consumers need not be worried of the battery life of the Blackberry Bold Touch 9900. They can continue with a handset up to 4 or 5 days after a full charge. It should be noted that unscrupulous persons are found to sell imitation of this amazing Smartphone. In that case, the battery life is sure to be much shorter.

The top-ranking network services providers like Vodafone, O2, Orange, 3 Mobile, Virgin and T-Mobile are ready with the Blackberry Bold Touch 9900 Contract Deals and the market is quite competitive.
