Canon PowerShot G11 price by [Paul Smith](#)

Article published on January 17th 2012 | [Technology](#)

Canon PowerShot G11 is ready to roll for impressing the advanced amateurs who loved the Canon series. This G12 Canon series is well loaded with latest powerful technologies which has made the series popular just like the Canon HS having the PureColor System LCD of .8-inch Vari-angle, JPEG image modes+RAW. Now there are many new upgrades with the flagship cameras which have paved way for the new camera like the crystal clear footage, stereo sound along with 720p HD Video and High Dynamic Range. The Electronic Level with multiple aspect ratios with Tracking AF along with Front Dial which gives more creative control to anything than before.

Canon PowerShot G12 highlights are 10.0 Megapixel sensor that is combined with DIGIC 4 Image Processor which creates Canon's HS SYSTEM. It is all because of the advanced technological development that has paved way for the G12 to be dramatically sensitive compared to other cameras having the megapixel counts that delivers minimal noise and spectacular images. Now there is even the demand of increased sensitivity in sound having higher ISO speed which makes PowerShot G12 give ISO 3200 setting. The camera has clarity and sharpness having the blur image effects.

Some of the technical details of the Canon PowerShot include 10.0-megapixel sensor with the DIGIC 4 Image Processor which is combined with Canon's HS SYSTEM which has less light performance. Canon's Hybrid IS compensates with the angular shift having the close shake up for shooting 720p HD video with HDMI output in stereo sound. The camera also has the Optical Image Stabilizer with 5x optical zoom and optical viewfinder with 28mm wide-angle lens which helps to capture the images and video with SD/SDHC/SDXC memory card, HC MMC Plus Card and the MultiMediaCard.

Canon digital cameras price are reasonable when compared with the kind of quality you get in Canon. The box of Canon contains the PowerShot G12 Camera body with Lithium-ion Battery Pack NB-7L, Neck Strap NS-DC9, Battery Charger CB-2LZ, Digital Camera Solution CD-ROM, AV Cable AVC-DC400ST, USB Interface Cable IFC-400PCU. The dimensions of the product are 4.4 x 3 x 1.9 inches that weights just 12.5 ounces.

The Canon G12 is wide-angle zoom lens highly versatile camera which will reach from 28mm just long way having wide angle end of 140mm which is 35mm format equivalent and telephoto end. This camera will easily allow capturing images which has shot and greater depth for photography.

The Canon PowerShot G11 price is \$395.95

approx available at many online stores which does not has the shipping price included.
