It's time to do your bit cardboard recycling is simple and the rewards are fantastic by [James Blee](#)

Article published on July 28th 2012 | [Technology](#)

Thankfully over the last decade in particular we as consumers have become more environmentally aware and are much more likely to contribute in reducing our planet's carbon footprint by attempting to up the amount of recycling we do, cardboard recycling is one of the easiest forms of recycling which when carried out efficiently can create revenue, lower costs and help the environment. DJB Recycling are experts in this field and with a multitude of recycling options available we are here to help you!

DJB Recycling are a family owned and run company based in Sheffield have been providing a premium recycling service for clients all over the UK providing a one stop solution to all your waste management and rubbish removal needs. With a wealth of experience in this very niche field and a customer service ethos which is second to none we have gained a fabulous reputation as amongst the very best for cardboard recycling.

The service we provide is wide and varied covering all sizes of clients from small businesses to large blue chip companies who require a complete waste management solution. No matter how big or small the job is the quality of service and products is always of the same exemplary standard. We carry out Cardboard Recycling, buy paper, plastic and polystyrene and also provide a rental baler as well as purchase baler option on a wide selection of in house manufactured machinery. Our service is a flexible one tailored to your individual waste and cardboard recycling requirements and a baler can be then designed to meet these needs. You can acquire a baler from us in either semi or fully automatic modes and with sizes ranging from 75 kg to 250 kg we are confident we can meet any needs.

Contact our team today to discuss your needs and start saving, money and the planet!
