Have you ever missed out some important or your favorite event? May be many times. If you are looking for an app that can help you finding perfect solutions to your problems. Then, Go for app store to find one for yourself. You are available with many apps that are used for managing all the events and meetings for your business needs.

The iphone apps development keeps your business on the forefront of the minds of the users and promoting your business to a great level. There are many apps which are flexible and reliable to use. If you are in need to make some app for your business then you should opt for a good developer who can complete your business needs.

Let's talk about one of the most surprising app – “Event Anna” available on online store, that will tell you about all the important events which are to be held worldwide. This interactive app will provide registered attendees with the most up-to-date information throughout the event in real event, including all last-minute changes. It will also allow to connect with colleagues and arrange meetings conveniently, significantly enhancing the conference experience.

- * Gets you all the information about events, participants, speakers, venue and everything.
- * Bios on all the speakers and presenters.
- * The ability to check-in with and meet other marketing professionals attending the conference meet up feature.

You will get 2 modes to register yourself- delegate and visitor.

Delegate mode is applicable for those who are attending the workshop anonymously. Select from two further choices - either register in public hours or business hours. In the former case, you can enter free of cost while in the latter entry is chargeable. On getting registered with business hour, you will get an email with attached QR code which will act as an entry pass for you. And, if you participating in an event, then you should register yourself in this mode. Only paid entry is possible in delegate. You get special permissions in this type of login.

AR (Augmented Reality) view in which you need to hold your device up and you are able to watch all the attenders. It will let you track all the details about the person you want to interact with. Make more new friends with the help of chat facility. From now onward you will not miss your any important event.

There are many other apps available at online store providing perfect solutions to your business problems. These apps have made a special place in the hearts of people with its attractive product range like its futuristic and elegant designs. With all outstanding feature, out-of the world graphics, and touch sensitivity, light and sleek gadgets its availability is rising rapidly.
