Affordable Bed and Breakfast West Yorkshire Stays by [David Jane](#)

Article published on July 21st 2012 | [Travel](#)

West Yorkshire is a quaint district in England that would be a delightful choice of retreat for those looking for quiet and peace. There is a good selection of Bed and Breakfast facilities in the district which are quite popular.

The B&B West Yorkshire guesthouses are usually operated by families who stay at the homes or nearby. There would be 4-5 rooms in the home with tea/coffee making facilities in each room and doubles or twin beds. Clean towels are provided to the guests for their convenience.

Location

Most Bed & Breakfast guesthouses in West Yorkshire are located close to towns with quaint shops offering local goods and restaurants serving local delights.

There would be several local discoveries or sights to keep guests occupied such as farms, lakes, countryside and museums.

One can get to the local towns such as Wakefield or quaint villages like Featherstone to enjoy a day or night there. But one can always retreat to the West Yorkshire B&B for a good night's rest.

Affordability

West Yorkshire B&Bs are popular because they are affordable to most travelers wanting clean and comfortable beds for a short stay. Single rooms can be secured from £30 per person for a minimum stay of 3 nights. A double room with en-suite bath is only £55 per couple. These rooms come with English breakfast.

Family rooms are available at only £20 per person with a large en-suite room.

B&B West Yorkshire services offer great weekend discounts especially for ATL training students. Bookings are easy with a phone call or email through the Internet.

Facilities

Most B&Bs at West Yorkshire offer great facilities which are comparable to city hotels. They have a 24-hour reception which allows guests to arrive and depart anytime as there may be odd flights to catch. There is a baggage store located at West Yorkshire B&B guesthouses to store the baggage if the guests arrive earlier than expected.

Internet access is usually available in the public sections of the guesthouse. Room service is available with a ring to the reception. Parking is available to those who drive.

Policies

Most West Yorkshire guesthouses allow a check-in time from 2pm although an early check-in can be arranged upon request. The standard check-out time is 10.30am with late check-out available upon request and confirmation.

Payment for the rooms booked at any West Yorkshire bed & breakfast facility can be made in cash

(sterling or euro), major credit cards or debit cards.
