Best Bed and Breakfast Options in London by [Julia Roger](#)

Article published on July 9th 2012 | [Travel](#)

According to a recent travel survey conducted, it showed that London tops the list with more visitors stepping into this city on an annual basis than any other places in the world. London is not only a heritage city rather; it is one of the most important business centers in the world. Some of the biggest corporate houses have their headquarters in London. It is also one of the richest educational zones in the world. Be it Oxford or Herbert, people from different corners of the world tries hard to get admitted in these colleges. It is not only that tourists visit this city for leisure purpose. Rather, a large chunk of them also visit it for education, business, and corporate exposure. Once they step into london bed and breakfast availability within the central part of the city is their primary lookout.

Cheap lodging options are not rare in london B&B options are plenty to avail in different parts of the city. Hotels, inns, private guest houses, luxury apartments, and hostels are available in plenty. Western end of the city is considered to be most vibrating and lively. Most of the travelers who have little idea about this English capital city, would love to look for hotels within the West End. This part of the city features a lot of star hotel accommodation facility. However, this does not mean there are no options available for travelers with limited budget. No, there are plenty of cheap affordable lodging options available within this part of the city. And some of these lodging options even offer complimentary breakfast facility. Due to heavy rush, it is always recommended to book hotel in advance in this particular area of London to avoid heavy rush.
