Travelling to Las Vegas can be real fun. After all, it's the most exciting place within US. Nights are vibrant and colorful. Sunny hours can be spent while getting involved in some adventurous activities. And then, there is the Grand Canyon tour that makes the trip exquisite in nature. Helicopter rides are always the best option while touring the Grand Canyon. Not only will the trip be adventurous but will also be something to die for. This is surely going to be an experience of lifetime.

Touring the Grand Canyon via bus rides can also be opted for. However, the journey will take up a full day. Road distance is much greater. Also, it is not very comfortable a journey due to rugged roads at places. Hence, availing the air route is always a better option to avail. Although the ticket rates are a bit higher, but still, it's reliable, relaxing, comfortable, and less time consuming.

Have a look at the top 3 reasons that speak in favor of helicopters.

## 1) Extremely fast

If anyone want to travel to Grand Canyon by road (bus, car, etc.) it will take around 2.5 to 3 hrs to reach from Las Vegas. . However, if the journey is conducted through a helicopter, time will be around 45 minutes to 1 hour maximum. Also, there is one thing to keep in mind. These Helicopters are no ordinary ones. They are fully customized for better travelling experience. The nose as well tail of these flying vehicles is modified because of better sightseeing possibility. Also, the windows are fully wraparound. The seating facility is more comfortable. Add to it the climate controllable cabins. These factors make the ride more comfortable.

## 2) Full View of Canyon

Grand Canyon can be viewed best from the gravity. And one can have this experience only while availing helicopter rides. Truly remarkable when one views the Grand Canyon through air.

## 3) Going to the bottom

The travelers can reach 4000 feet bottom of the canyon only while travelling through helicopter. And it is something that you will never like to give a miss.
