Dubai situated directly within the Arabian Desert is the largest populated city in the United Arab Emirates. This situation on the globe draws attention towards its sandy desert pattern with large sand dunes which have a touch of red in few areas that confirm the presence of iron oxide in them. These "wine-colored"™ dunes have attracted a large number of tourists from other countries and UAE itself. Desert Safari Dubai is a wonderful opportunity for those who want to experience the large desert and within it many small oases.

Desert Safari Dubai gives these old dunes a modern twist of its own. It is a roller-coaster ride which is sure to shock and excite you whether you are an adventure seeker or not. A simple four wheel drive and a highly experienced driver are the only requirements of this thrilling Desert Safari Dubai ride. For those who wish to experience Desert Safari Dubai at a higher level, dune bashing and sand skiing are suggested.

The opening to the Desert Safari Dubai trip is done with a short ride from your hotel or residence to the desert. The driver of your 4x4 vehicle then shows off his talent on the sand dunes taking you on an astonishing ride from sand dune to another. This drive up and down the sand dunes is exciting yet an exhausting one hence you are led to the Bedouin style camp which is a small oasis to quench your thirst and relax owned by the Desert Safari Dubai companies.

Oasis originally a habitat for animals and humans has been modified to fit the modern needs of the Desert Safari Dubai visitors. As a welcoming gesture fresh dates and gahwa are offered to all visitors (traditional welcome) which is then followed by long list of activities that would keep your adrenaline levels high throughout. This fun filled list involves camel riding, sheesha smoking, belly dancing, tanoura dancing, & traditional costumes (available to click pictures in). Desert Safari Dubai tour also involves a very delicious veg. and non veg. buffet dinner along with a BBQ and to accompany it are unlimited tea, coffee, soft drinks and water. A familiar list of international hard drinks is also available at the cash bar to satisfy the needs of the vacationers. Desert Safari Dubai tour would be unfinished without a camel ride and a perfect auric sunset which would make ideal memories back home.

Desert Safari Dubai offers other options like dune bashing, sand skiing and an overnight camp for those with a high adventure spirit and wanting a closer experience with the refreshing warm air of the desert along with the moonlit and starry night. All Desert Safari Dubai companies would not offer the same deals as mentioned above and hence it is advisable to choose the best Desert Safari Dubai tour for your convenience and an unhindered tour for you to sit back and relax.
