Need of Carry on Luggage by [Julia Roger](#)

Article published on May 21st 2012 | [Travel](#)

Brics is an Italian Company, which is into manufacturing a wide range of luggage, bags and allied items. Established in 1952 in Northern Italy, the company has grown largely and the brand has become the favorite of many.

The company manufactures a wide range of bags to suit every one's needs and to match everybody's budget. The bags are durable, light and attractive. The products range from backpacks, briefcases, handbags, Travel bags, wallets, key holders and so on. The company believes in providing the bags with trendy looks and innovative designs. There are also gift bags available, which start from a lower range and are ideal for large scale gifting ideas. They create fine products using a wide range of materials and each creation is unique. The inimitable shapes and designs make them special. They also manufacture different types of carry on luggage. carry on luggage is the handheld bag, which can be carried by the passenger in the cabin while travelling by air.

The size of the cabin bag has stringent specification regarding size and nothing above the specified limit will be allowed inside the cabin. They will have to be transported with the cargo. The carry on luggage is allowed inside the cabin to facilitate the passengers to carry their important possessions. There is not much specification for carry on luggage while travelling by any other mode except Air travel. brics bags are made to conform to the specification of the carry on luggage and can be carried by the passenger in the cabin. The restrictions on the size and weight of carry on baggage are very strict. There are also some airlines, which have the one-bag-rule.

Since weight matters very much for carry on luggage, should be lightweight and sturdy. These criteria can be fulfilled by going in for branded handbags like bric's which offer a wide range and good selection options.
