Tailor-made tours to India with Shine Gold Tours by [Dev Kumar](#)

Article published on January 10th 2012 | [Travel](#)

Shine Gold Tours India (SGTI) offers tailor-made tours for people who want to explore the Golden Triangle, Delhi and Rajasthan at their own pace without the constraints of the scheduling of larger groups.

Transport is by a/c vehicle matched to the size of the party from 5 seater Tata Indicas through 6 to 8 seater Toyota Innovas or similar. All drivers have many years experience of driving and tourism in India and quickly build an easy relationship with the parties that they will be responsible for throughout their tour.

SGTI will organise all the hotels for the chosen route plus transport including internal flights and rail journeys where requested. Many clients enjoy the anticipation of travel on Indian railways. The actual experience of rail travel fully matches the anticipation and, depending on the experience sought, SGTI can make the necessary bookings from luxury travel to more standard class. Other clients, due to time constraints, may wish to fly between cities. For example Udaipur whose lake views are said to be amongst the most romantic sights in India is almost 700 kilometres from Delhi – 2 days travel by road -and although this is a fascinating journey when time is at a premium the availability of a fast, reliable air service makes visiting far flung places possible and comfortable. SGTI will recommend and book the transport best suited to the clients' requirements and time constraints.

Typically SGTI's customers are looking for more than a standard tour – they appreciate the insights into the Indian way of life that all of SGTI's English-speaking driver/guides bring to their experience of what may be a first visit to India. Also, although SGTI show standard tours such as the Golden Triangle and Rajasthan on their website www.shinegoldtoursindia.com, many clients request other routes and hotels and this is part of the flexibility offered. For example you may wish to add a visit to Mathura Temples, Lord Krishna's birthplace, on your way to or from the Taj Mahal in Agra. Or perhaps your interest is bird watching so a slight detour to Keoladeo National Park at Bharatpur between Agra and Jaipur to visit the world-famous wetlands could be a welcome contrast to city sightseeing.

If tigers appeal then a slightly longer detour to Ranthambore will be most rewarding. No-one can guarantee a tiger sighting but they are likely in Ranthambore and the other fauna and flora plus the jungle scenery will make the stay unforgettable.

Check the website – send a request and start the process of developing your individual, tailor-made tour for what we are sure will be an experience that you will enjoy and remember for a long time to come. We are looking forward to hearing from you.
