Article published on December 26th 2011 | [Travel Tips](#)

Trains have always been among the most preferred source of journey for people. Whether you have been traveling from Mumbai to Delhi or from Mumbai to Kolkata one can find the best means of source which are easily available. With trains available to and from various destinations in India and abroad people can find the train which best suits to them. For choosing a train of your choice you can find the trains which are available as per your option.

Therefore, whether you choose the train from Mumbai to Delhi or from Kolkata to Hyderabad for any other city people can go in for online resources which are easily available. With trains available at the affordable fares one can choose as per his own requirement. For selecting the train ticket web portals of authorities like Indian Railways as well as IRCTC are the best option. In case you have applied for reservation in a particular train current pnr status is the best source which gets you the facility to choose the most suitable option for you.

As long as online facility of railway reservation is available, online people do not like to use the facility of railway inquiry. With railway enquiry facility 24Ã—7, one can get it easier to know about the person. In order to know about railway pnr enquiry facility one can visit to the official web portal like IRCTC as well as Indian Railways.

If you wish to track current pnr status using online portal you can visit to the official website of IRCTC. There you can find the status easily. For choosing the option of pnr status there is the software where you can use the software easily. With railway inquiry facility available 24Ã—7 you can dial up to the department where you can find the pnr status very easily.

In order to track pnr status easily you need to enter the 10-digit pnr in the software. After you have entered the pnr in the software, you need to press on "Get Status". However before you proceeds it must for you to confirm if you have entered the correct pnr. Pnr is a ten-digit number, which is printed on top left corner of the ticket. Once you have applied for the ticket next one is to check the pnr status using online facility. With railway pnr enquiry you can get the information of confirmation of seat tickets.
