One of the loveliest choices of vacation destination at Lanzarote has to be Costa Teguisse. This holiday resort is located on Lanzarote's southern coast of Lanzarote with only 4 miles separating it from Arrecife, Lanzarote's capital.

Set Up

Costa Teguisse was meant to be a purpose built vacation resort on vast lands on the island over the past 30 years. Its original plans of a luxury vacation resort had the likes of royalties and celebrities visiting it but today, Costa Teguisse attracts more families who want a pleasant seaside vacation.

Offerings

There are at least 4 beautiful beaches at Costa Teguisse. These are covered by soft fine sand that makes them easy to walk barefooted anytime. Strong and steady sea breezes blow across Lanzarote Island to make Costa Teguisse a favored windsurfing destination.

The largest of Costa Teguisse beaches is the Playa las Cucharas which measures at 600 yards long. The renowned Professional Windsurfers Association Competition is always hosted at Costa Teguisse in the month of July every year. The strong winds usually abate around winter to make the beaches at Costa Teguisse more attractive to families.

The Playa Los Charcos may be smaller than Playa las Cucharas at 150 yards long but the former boasts of white sand with crystal clear waters. The other two Costa Teguisse beaches, Playa Jabillo and Playa Bastian, are much smaller and sheltered. However, due to the popularity of Costa Teguisse, these smaller beaches can be quite crowded especially with the presence of a big hotel complex in the vicinity.

Island attractions

Besides the beaches, there is a water park which has kids' slides and water chutes as well as tubes that are easy on smaller children. Avid golfers would enjoy the nearby Golf Course in Costa Teguisse which has an 18-hole offering. This is Lanzarote's first golf course with palms and cacti in the close proximity of an ancient defunct volcano.

There is a vibrant nightlife at Costa Teguisse during the peak seasons with the abundance of restaurants, bars, pubs and cafés. These serve great local cuisine as well as English fare for the many English tourists who visit Costa Teguisse.

There is also a historic section of Lanzarote with impressive colonial architecture that houses art galleries, bars, craft shops and restaurants. The big Lanzarote market is open every Sunday with colorful street entertainments spicing up the place among the sellers and crowd. The local town museum houses pieces in dedication to Lanzarote's emigrated ancestors.
