Article published on June 14th 2012 | [Vacations](#)

Everything that is relaxing and gives pleasure by forgetting the hectic schedule of city life is possible to be done in Ayada Maldives because of the ambience as well as the natural beauty surrounding this beautiful lagoon. Located in the Baa atoll, this villa presents the best possible holidaying location in Maldives as well as in any other part of the world. Giving a stiff competition to be one of the best villas of the Maldivian archipelago, the Anantara Kihavah villas are the paradise for the visitors.

The construction of the cottages has been done in a village style with cosy interiors and the sea facing presentation is the charm in this location. The living quarters and accommodations for the tourists are provided in these collages in the villas, while the relaxing places and the spa therapies are done in ocean facing chambers with swimming pools all around. A similarly unique picturesque location is in the Ayada Maldives, which is found in the Gaafu Dhaalu atoll, where snorkelling and deep sea diving can be done with crystal clear azure waters.

People who come to these islands in Maldives are astonished at the uninhabited and sparsely populated islands where nature is at its beautiful best. Due to the few tourists who arrive here, the areas of these atolls are quite clean and the water is forever blue, containing within its substance varieties of marine life. The resorts in both these locations of the Maldivian islands have been constructed with the ultimate comfort and the interior decorations have been done keeping in mind international taste of the tourists.

Visitors can get the best in category spa therapies which comprise of various procedures which have been assembled from countries throughout the world. People who provide these services in the resorts are well trained and are experienced in handling the customers, because they understand their needs. Apart from the important activities of spa massages and therapies, people visiting the Anantara Kihavah villas and staying here for a while will get the top class entertainment.

Water activities possible in the surrounding water of Indian Ocean around the hotels and resorts are in plenty and give an opportunity of a lifetime to the tourists. They can go for paragliding, speed boating, and such activities. Diving into the waters with deep sea diving, snorkelling, scuba diving, etc can also be done in the crystal clear water where marine animals can be seen in plenty. Tourists can also get trained by the experienced people before they actually start these activities.

The facilities in the Ayada Maldives also allow people to book their itinerary inside the islands with their comfort, thereby providing a convenience in their trip. Local resorts are the best way to arrange for communications and there are guides available for helping people go for different activities, which further make the journey to these islands in Maldives memorable.
