Event planning is one of the hard and interesting works and you can make it memorable event, if you will be pay some attention like decoration, entertainment facility like song and music, location and food for guest according your budget.

If you don't want to invest much money for event planning then some useful tips here that will be benefit for you. These tips will be helpful for making memorable event.

In your event day, you can save money is the time of day you decide to have your event. For events such as weddings or birthdays or baby showers, holding them in the afternoon absolutely puts less of a dent to your pocketbook. You should have to serve lower expense item for afternoon event which requires require less food and catering such as light snacks and beverages like punch or tea, as as opposed to full course meals and full bar for twilight events.

Second important part is the hiring some special organizer for making food or not. So event is small then contact to your friends and relative person who are interested in making food but these all works planning before event days.

Another important factor is the budget so before event planning you have to make budget and also try to save your money. Best idea for slashing price in the food area is to host a potluck where every guest provisions either food or drinks, with some bringing salad or entr e, and others bringing soda or wine. But if you are hiring a event ideas then they can better communicate and coordinate closely with the guests so that there is a nice variety of food and drinks with something for everybody, and also so that guests do not bring alike dishes. This is a superb way to include all the guests in the event planning process and guests usually delight in the fact that they are able to contribute and be a part of the party.

You should also focus on other areas like decorations and entertainment like for children's birthday parties you can ask parents, friends or relatives to entertain the children with simple songs or magic ideas, or to make balloon animals and also check decoration that how can you make better in lower price using balloon, followers and lighting.

But what ever you are doing for cost cutting, you should have to also take care that you event planning should have to memorable for whole life and try to make it better.
