Article published on December 6th 2011 | [Weddings](#)

For me, I prefer eco-friendly theme wedding, so green theme wedding is the perfect choice for someone want to have a eco-friendly wedding. Green is not only the meaning of the wedding color, but also the meaning of environmentally friendly, economize resources.

Vibrant green wedding invitations overflowing with enthusiasm and vigor customarily act as a brilliant catalyst for cheer your elaborately planned marriage ceremony up. Nuptial which is a perfect match based on pure love is customarily regarded as a heavenly function signifying two congenial spirits gathering together in the presence of all esteemed guests.

Generally speaking, wedding which is customarily treated as a holy ceremony of two souls gathering together in the presence of all the friends and family also to a great extent act as a fantastic mirroring of the new couples'™ distinctive personalities.

For such a special day which you have long aspired for, engaged couples definitely do your utmost to planning out an ingenious marriage reception to create sweet and eternal memories for both themselves and all your esteemed guests who will come happily with great prayers.

Thus wedding preparation is utterly a sticky business, including seriously mastermind of creative wedding themes, exquisitely facial treatment for crystal skins and elaborately selection of stunning wedding dresses.

Moreover, as the perfect reflection of nuptial themes and an intuitive intermediary for transmitting all the effective information to guests, unique wedding invitations should be a significant part among nuptial.

Since marriage ceremony usually start with eco-friendly invitation cards, creative yet cheap wedding invites feel more inclined to leaving a profoundly satisfying impression on recipients at the first sight.

As the perfect signification of vitality and enthusiasm, green usually gain much favor among people who are fascinated by vibrantly refined things or environmental protection.

Now modern invitations incorporate various necessary elements into frame designs. As a perfect color combination, green and white usually leave a favorable impression of purity and freshness on all the recipients. Sunset trees collocated with twinkle stars in the cards are overflowing with a jolly and romantic glamour.

In order to attach more importance to the vital message adorns, elegant swirling of fresh green color at the edge of frames are under white base. Brown and green invitations decorated with bright jewels and winding flowers are suitable for either formal nuptial or vintage marriage reception. With the brown color marvelously woven into the cards, they will remind people of the refined time.

In virtue of highly developed printing technology and well-chosen paper textures, a great variety of custom wedding invitations online are always available of full color schemes and original pattern designs.

It is utterly advisable for you to choose other stationery as a desirable collocation for wedding cards with the same color scheme. Elegant purple wedding invitation cards are suitable for either vintage

or modern ceremony; romantic pink invitation styles will definitely fulfill your fancy dream since childhood; fresh blue wedding invites can present fabulous beach view at the front of recipients vividly; vibrant green invitation cards for wedding cheer all your esteemed guests who will come happily with great prayers up.

Enjoy your unique day and create sweet memories for both yourself and all the guests!
