The Battery Store has a selection of some of the most durable car batteries by [Mary Porter](#)

Article published on June 15th 2012 | [Advertising](#)

The Battery Store Direct Battery Solutions was formed to provide internet shoppers with the best resource to purchase car batteries, and indeed all manner of vehicular batteries anywhere online.

Given that we have over thirty years of experience supplying all manner of batteries, and a customer-base that stretches across the whole of the UK it is of little surprise that The Battery Store has the knowledge and experience to supply its customers with quality products. Our dedication to customer service promotes peace of mind and confidence that you, the consumer, will receive the best possible service no matter which of our products you choose to purchase.

All of the car batteries that we supply are sourced directly from the manufacturer. This direct sourcing extends throughout the whole of our product range and gives you that peace of mind that the products that you are purchasing are of superlative calibre.

Here at The Battery Store we have a selection of car batteries to suit all manner of car models and manufacturers. Whether you own a Toyota or a BMW you can rest assured that our diverse selection of car batteries will certainly cater for your individual requirements. With a stock of four different types of car batteries, supplied by TAB and Energy Batteries, a four year warranty offered, and batteries for all classic, sports, Japanese and European cars, you can rest assured that we will be able to supply you with the exact battery for you vehicle.

As the customer-focussed business that we are we promise to offer a price match guarantee for any of the car batteries, motorcycle batteries, or indeed any of the batteries that we can stock. If, on the other hand, youâ€™re looking for an affordable twelve volt starter car battery then you canâ€™t go wrong with the Energy P-002L car batteries. With a retail price of just forty nine pounds and ninety eight pence and a three year guarantee these options are similarly affordable and of the highest technical specification.

If youâ€™d like to find out more information about the range of car batteries that The Battery Store can offer you, or to shop online in a safe and secure environment, then all you need to do is come and visit us online at: www.batterystore.co.uk.
