The following tips may be able to help you better access to TERA beautiful and diverse clusters of dangerous world.

## 1. Your mouse will often disappear

This MMO where not a new concept. The players played the DC Comics hero OL will be very easy to master the TERA control. WASD control movement, the default cursor is locked in the role of the body. Click the left button is a basic attack, but not auto-attack, multiple clicks can form a chain, right defensive skills, career and vocational different. Press the Menu key (default is Alt) will unlock the cursor, so your normal mobile use interface.

## 2. Parry and dodge is not controled by property

Defense is no longer just on the equipment property. Although most professional can Yingkang strength of weak some of the monsters, but powerful monsters and special BOSS will force you to move. Their most powerful attack would put the move before a brief reminder to tell you need to escape. With your level of increase, in the face of increasingly powerful enemies, dodge heavy attack and timely counter will be very important. Patience and skill is the key to victory, the real master in the battle unscathed.

## 3. The quest log is full of hidden information

An even better feature of the game which has never publicly described in the task log, click the role or enemy name will be able to show up in bright orange on your map. If it is a monster, then all of the same kind of biological refresh point will be marked on the map. This feature is very useful for players, after all, sometimes a small map task arrow is not entirely reliable.

## 4. It is not need specialization specific collection and build skills

Mining, forging, Alchemy, TERA has all the conventional professional skills, but you can use which does not have any restrictions. You can learn all the skills to build and gathering some race specific skills as well as bonus incentives. All plants, stones, gems in the game, use restrictions, anyone can be collected, as long as the formula to meet the appropriate skill level can be manufactured items.

## 5. It is not easy to reach some regions

If you find the way to the next area can not find, that might tell you to climb or through the transmitter. The environment of the game hidden ladder, vines and other objects can climb alone. In addition, each region has at least an event to complete through the transmitter to the specific copy of the location of the transmitter can easily be found through the task log.

## 6. The rest is mandatory

In addition to the life and mana, the role of TERA, there are physical properties, on behalf of your character is how tired. Physical value of the initial 120 points, as you travel, combat, to complete the task will gradually reduce. If you are not careful to death, the physical slot is a double blow. Low physical slots will reduce your maximum hit points, mana, crit chance, so it can not ignore the figures. The easiest way is to recuperate the value of standing near a permanent campfire, or use of

consumables generate the campfire. If you want to save time and extra money can also be found in every major city in the special priesthood NPC to buy immediately respond to the physical props.
