There are two choices for installation of modern kitchen either you can make your kitchen by self or purchase a readymade from the market but decorating a kitchen by self is an interesting job.

Here are the Top 10 Moderns Kitchen Design Trends:

1. Modern Kitchen Appliances

Sleek and stylish appliances with stainless steel provide perfect modern look to your kitchen. Modern kitchen is incomplete without a dish washer, range cookers, microwaves, stainless steel utensils and chimneys and ventilation; which also enhance the beauty of modern kitchen. Stylish flexible faucets over sink can be moved easily where the water is needed. These taps are available in a large variety of designs. You can choose nice ones and install them in your modern kitchen. Name brands are still the name of the game, Sub-Zero, Viking, Decor, Miele, and GE Monogram. If you ever needed proof of these brand popularity, look at the real estate section of the newspaper and see how many homes list these brands by name as selling points. They are high quality, function extremely well and add long term value.

2. Modern Kitchen Countertops

Granite, limestone, concrete, marble work top and counter tops are in trend and are preferred for modern kitchen. These counter tops are available in a large variety and designs with round edges. You can choose counter tops according to your kitchen requirement or color and granite, limestone and marble; which are easy to clean and install. Light colored Quartz and marble counter tops are particularly Calcutta Gold marble. We are using less granite, especially multi-tonal heavily veined granites. If we do use granite, it has been honed or flamed and not polished.

3. Hardware

Wall fitted cabinets create modern look in your kitchen. White gloss and Metal effect cabinet doors in softly molded or shaker panel style offer modern style to your kitchen. A high-tech central island is main focus of modern kitchen. Modern kitchen has functionality of pull out drawers. Decorative pulls are on their way out with finger pulls becoming the more popular choice. These can be pulls that are cut into the lip of the panel or small finger grabs that lay on top of the door.

4. Modern Kitchen Sinks

It seemed inevitable. As soon as stainless steel became a counter top option, custom fabricating integral sinks into the counter was the logical next step. Available options, including the number of bowls, depths, sizes, built-in drain boards, etc. make this a fun and fluid material to work with. Modern kitchen sink make your kitchen more elegant and modern. The smaller is used to wash vegetables whereas the bigger to wash utensils.

5. Modern Kitchen Island

Kitchen Islands are one of the essentials of modern kitchen and come in a variety of materials such as steel and wooden, styles, colors, and designs. Our kitchen designs are incorporating large island(s) that can accommodate cooking, prep work and dining.

6. The removal of decorative pendant lighting

Pendant lighting suspending down over the kitchen island is hopefully going away. Now that we have multi-purpose rooms and kitchens no longer have to be tucked in between the Garage and the Dining room, we donâ€™t want your eye to stop at the island.

Office Interiors trends change fairly rapidly but most of the items on this list have been developing and refining for years. Despite the hype, kitchen donâ€™t come into favor or go out of style in a year.
