Article published on December 20th 2011 | Technology

Mobile phones are the most commonly used gadgets in the present times. Different versions of black and white, colored and smart phones have been launched by different companies in the market. Currently, more than 50 to 60 local and international mobile phone companies distribute phones and related accessories in different areas. Purchasing a phone is not more than enough; youâ€™re supposed to buy the accessories that complement it. In case youâ€™re a native from Dubai, youâ€™ve plenty of options available in retail outlets and malls located there. In this article we shall cover information on mobile accessories in Dubai.

Itâ€™s a common trend in Dubai that people associate â€œmobile phonesâ€• with I-Phones because I-ph perhaps the most used phone models among people. Other than being the flashiest gadget present in the market, this smart phone is accompanied with plenty of useful accessories to enhance its functioning. Youâ€™ve several alternatives when it comes to choosing iPhone Dubai.

Some commonly used tools covered under iPhone 4 accessories Dubai include Bluetooth, phone cases, carry-pouches, travel charges and headphones. Large scale phone distributors offer advanced iPhone 4 / 4S accessories Dubai for technically advanced cells. Apart from I-phones, the Samsung smart phones are second most popular models in Dubai based local markets. If you check out the current statistics, the sale of Samsung smart phones and accessories has doubled since the last year.

Samsung Reality is a popular addition in the famous Samsung phone line. This phone offers a secure display screen, instant online access, customization offers in terms of colored flaps, high resolution, sliding keypad and plenty of accessories to complement these features. These features make it popular among teenagers.

Any discussion pertaining to mobiles is incomplete without mentioning details about Nokia! Nokia has always been the most popular Finland-based mobile phone manufacturing company that has exported its models to almost every country of the world.

Recently, Nokia has introduced several new Nokia phones for 2011. The lately introduced phone models cover latest additions in the â€œNâ€•, â€œEâ€•, â€œCâ€• and â€œXâ€• series. Commonly purch category include Nokia N9, E7, E55 E63, E66, E75 and many more. The best thing about Nokia phones is that they include features that help the users to execute everyday activities with ease. Moreover, most cell phones come with a QWERTY keypad to allow easy exchange of data and have GPRS facility for fast browsing. Lastly, the market of Nokia accessories offers great tools such as battery models, car charges, USBs, data cards, adapters, Bluetooth covering extra range and other such things. You can visit any showroom or retail outlet if you wish to purchase these mobile accessories in Dubai.
